LOCAL STORIES

Today, we'd like to introduce you to Demia Avery.

Hi Demia, so excited to have you on the platform. So before we get into questions about your work life, maybe you can bring our readers up to speed on your story and how you got to where you are today.

I have had the podcast Whatchu'Doin Wilmington for 3 years now and have recently changed the title to "Whatchu'Doin NC."

My podcast used to highlight the positive people, places, and things in Wilmington, North Carolina. However, I decided that I was limiting myself to just one area. North Carolina is an absolutely beautiful state, and it has so many things going on that I should talk about all the great things that happen In and around the state. And I couldn't be happier about my choice to do so.
